DECLARATION:

It was stated that I was born on the 1st of Sept. 1909 in JAROSLAW, Poland. I wish to make a correction: my true birth-date is 1 Jan. 1909, and I was born not in JAROSLAW, but in UHERSKY/STARIJ. Up till 1945 I carried my right name BAHNERA. The records in my passport contain all the necessary data.

My name as well as my birthplace and date of birth I have changed when the NKVD and KGB agents started to look for me and following me, when I became the leader of the UKRAINE anti-bolshevist independent movement.

This change of my name and my reasons for it, I have reported to the state office of Protection of the Constitution in 1954. I personally did not submit this report to the state office of Protection of the Constitution, but I had passed on this information through professor V. NEGRE of the DUESSELDORF, GOETHE FOR Foreigners.

No official notice to the proper German authorities, so far, I have not submitted, because of political reasons it was not advisable to go about the changing of my name in the customary way, hence, this would give away my real name to my political opponents.

The UKRAINIAN independence movement has been created already before the war. At the beginning of the RUSSO-GERMAN war we announced the independence of UKRAINE, however, this was not recognized by Hitler. The leaders of this movement, to which I too belonged, were arrested and sent to the concentration camps in Germany. I personally was imprisoned in the SACHERMANN concentration camp and set free again in 1944.

After the capitulation took place, this movement, which was still in existence, was boosted up again. The goals of this movement were the liberation of UKRAINE from the Russian domination, and the establishment of an independent UKRAINIAN State. This movement consists of an underground movement in UKRAINE

proper as well as foreign units. For this being I am the leader of the foreign units.

In 1945 a segment of this movement, which up till this day goes under the same name, separated from us.

The organization which separated from us is led by LEW ROBERT and has its headquarters in Munich on DACHAUER Str. 9. The split came about because of the different interpretations of the assignments which were issued by this organization in URAINSIA. Our goals generally are still the same, however, there are no mutual contacts between us.

#### IN REGARDING THE KREMLIN CASE:

I know KROKETS personally. I became acquainted with him for the first time in the Northern Germany, in December 1953. I believe this meeting took place in BREMEN. He just came to Germany as a courier from URAINSIA.

In Germany he became connected with PIRKALYJ who took care of him. PIRKALYJ belongs to the group which separated from us. Corrections -- up until the arrival of KROKETS, PIRKALYJ belonged to my group, and only when the split took place in 1954, he went over to the ROBERT group. Even though KROKETS remained with PIRKALYJ, he was impartial on the issues which led to the splitting of the foreign stationed organizations. KROKETS had instructions to return back to URAINSIA.

The second time I came together with KROKETS was in London a propos an organizational discussion. At that time KROKETS made up his mind to collaborate with KIRKALYJ, because he hoped that this will offer him better technical possibilities to effect his return to URAINSIA. In the spring of 1955 I have written a letter to KROKETS and asked him to help me with the preparations for the establishment of connections with the URAINSIAN underground units. KROKETS informed me therewith that he was in no position to do anything about it.

On the 8th of Jan. 1956 my family and I were in TIROL, and from there on the 10th of Jan. 1956, about 5 or 6 o'clock in the evening, we came back again.

On the next day I found out from MIROWSKIJ that KOROVETS was in Munich, that he personally talked with him, and that, according to the information received from PISHAJNYJ, KOROVETS disappeared and was missing since the 9th of Jan. 1956.

PISHAJNYJ expressed his suspicion, that KOROVETS was probably in our hands.

KINOWSKYJ informed PISHAJNYJ, that KOROVETS was not staying with him or with anyone from his organization, and advised him to inform the police immediately about it.

"There is nothing more I can tell you about this case. I wish to state again that I am in no way mixed up in this case."

PISHAJNYJ is the fellow who is responsible for KOROVETS.
